

Setting Assistant Rights

Version 17.04.2026

The wizard is only visible as an object in existing courses when the rights for it are set. If you have any uncertainties or problems, please contact ILIAS Support ilias@studium.kit.edu with details of the course.

Open course

The rights settings can be found on the main page of the course.

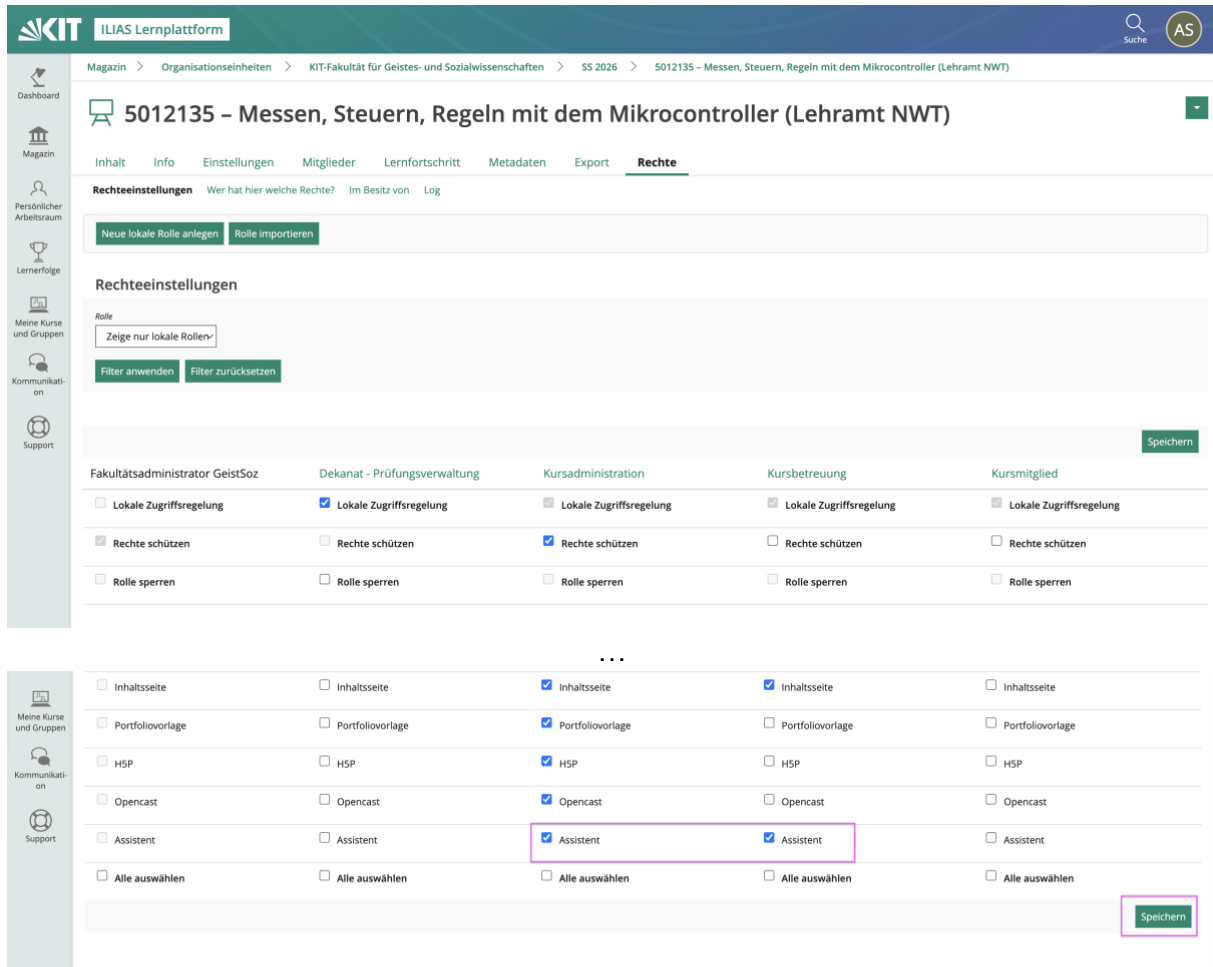

The screenshot shows the ILIAS Lernplattform interface. The top navigation bar includes the KIT logo and 'ILIAS Lernplattform'. The breadcrumb trail is: Magazin > Organisationseinheiten > KIT-Fakultät für Geistes- und Sozialwissenschaften > SS 2026 > 5012135 - Messen. The main content area displays the course title '5012135 - Messen, Steuern, Regeln mit dem Mikrocontroc'. Below the title, there are tabs for 'Inhalt', 'Info', 'Einstellungen', 'Mitglieder', 'Lernfortschritt', 'Metadaten', 'Export', and 'Rechte'. The 'Rechte' tab is highlighted with a pink box. Below the tabs, there are buttons for 'Neues Objekt hinzufügen', 'Seite bearbeiten', and 'Voransicht als Mitglied aktivieren'. The 'Inhalt' section shows a chatbot object titled 'Chatbot mit Inhalten der Lehrveranstaltung'.

On the site, you will find different roles depending on the course. By default, there is a role for **course administrators**, one for **course supervision**, and one for student **course members**.

Teachers need the rights to create and edit the object, students need read rights to use it.

Step 1: Make the object available to teachers

Scroll to the bottom of the page to the right.

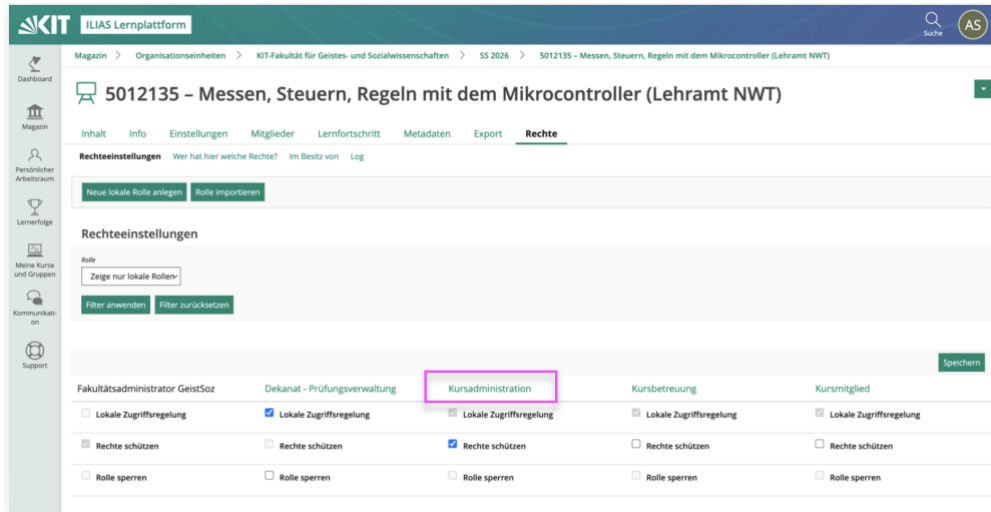

The screenshot shows the 'Rechte' (Rights) settings page in the ILIAS Lernplattform. The page title is '5012135 - Messen, Steuern, Regeln mit dem Mikrocontroller (Lehramt NWT)'. The 'Rechte' tab is selected, and the 'Rechteeinstellungen' section is active. The table below shows the permissions for various roles:

Role	Fakultätsadministrator GeistSoz	Dekanat - Prüfungsverwaltung	Kursadministration	Kursbetreuung	Kursmitglied
Lokale Zugriffsregelung	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Rechte schützen	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Rolle sperren	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inhaltsseite	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Portfoliovorlage	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
H5P	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Opencast	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Assistent	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Alle auswählen	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

At the bottom, check the "Assistant" box for the roles that are allowed to create an assistant in the course. Usually, these are the roles of **course administration** and course supervision if needed. Don't give this right to students. Save the setting.

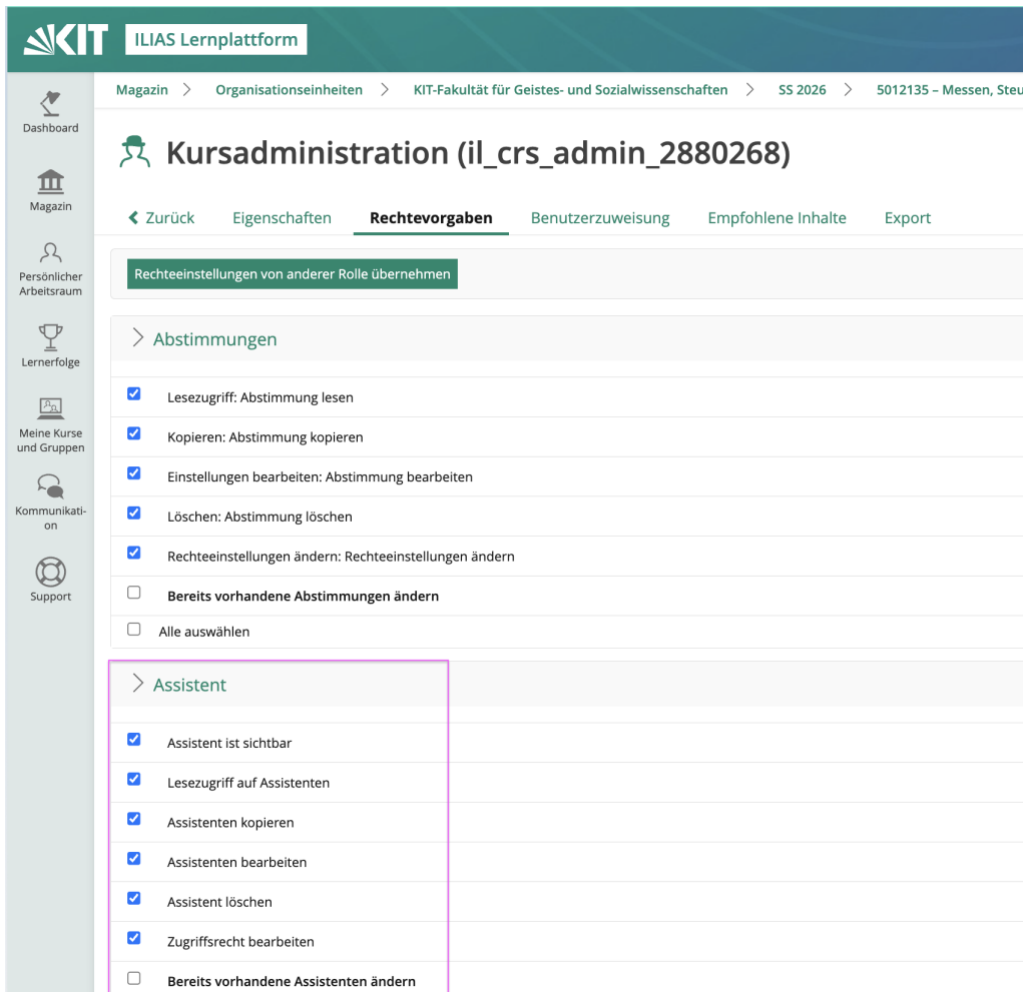

Step 2: Give lecturers editing rights

On the same page, click one after the other on the column header for the role that you want to be able to create and configure the wizard. Here, for example, the role of **course administration**.

The screenshot shows the 'Rechte' (Rights) configuration page in the ILIAS system. The breadcrumb trail is: Magazin > Organisationseinheiten > KIT-Fakultät für Geistes- und Sozialwissenschaften > SS 2026 > 5012135 - Messen, Steuern, Regeln mit dem Mikrocontroller (Lehramt NWT). The main title is '5012135 - Messen, Steuern, Regeln mit dem Mikrocontroller (Lehramt NWT)'. The 'Rechte' tab is active. Below the 'Rechteinstellungen' section, there is a table of roles with their respective permissions. The 'Kursadministration' role is highlighted with a pink box. The permissions for 'Kursadministration' are: Lokale Zugriffsregelung (checked), Rechte schützen (checked), and Rolle sperren (unchecked).

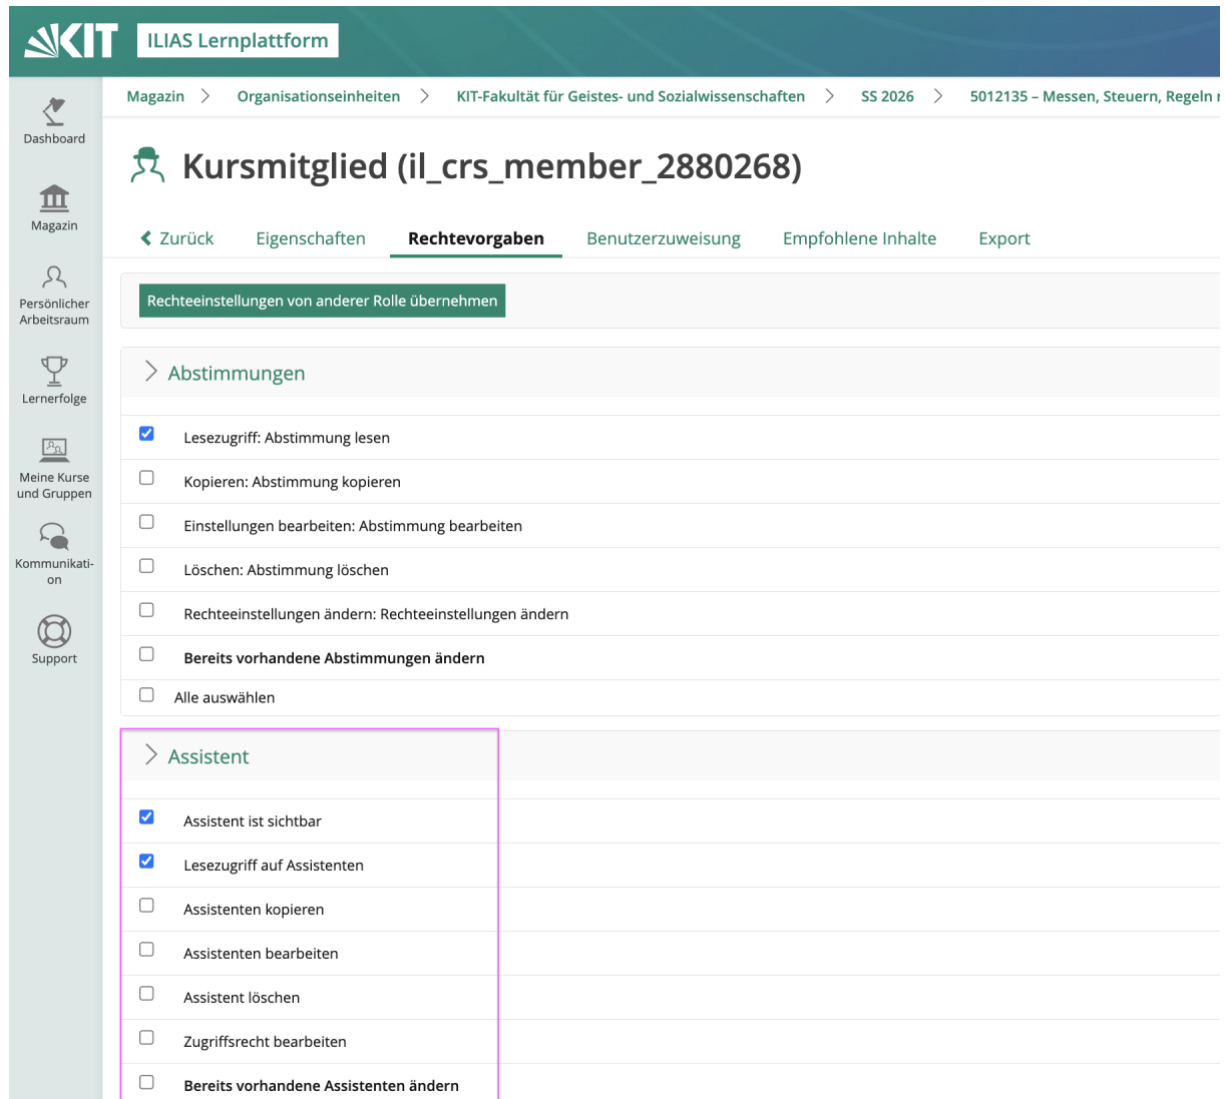

The page with the detailed rights settings for the role opens. Give the role for the lecturers all rights in the Assistant section (see screenshot). Then **scroll all the way down and press Save**.

The screenshot shows the 'Rechtevorgaben' (Rights Settings) page for the role 'Kursadministration (il_crs_admin_2880268)'. The breadcrumb trail is: Magazin > Organisationseinheiten > KIT-Fakultät für Geistes- und Sozialwissenschaften > SS 2026 > 5012135 - Messen, Steuern, Regeln mit dem Mikrocontroller (Lehramt NWT). The 'Rechtevorgaben' tab is active. Below the 'Rechteinstellungen von anderer Rolle übernehmen' button, there is a section for 'Abstimmungen' (Votes) with several permissions checked. The 'Assistent' section is highlighted with a pink box, showing the following permissions: Assistent ist sichtbar (checked), Lesezugriff auf Assistenten (checked), Assistenten kopieren (checked), Assistenten bearbeiten (checked), Assistent löschen (checked), Zugriffsrecht bearbeiten (checked), and Bereits vorhandene Assistenten ändern (unchecked).

Step 3: Give students access

In the same way, open the detailed rights settings for the role of the student **course member**. Enter here the rights to see the wizard and read rights (see screenshot). Also scroll to the bottom and don't forget to save.

The screenshot shows the ILIAS Lernplattform interface. The breadcrumb trail is: Magazin > Organisationseinheiten > KIT-Fakultät für Geistes- und Sozialwissenschaften > SS 2026 > 5012135 – Messen, Steuern, Regeln. The main heading is 'Kursmitglied (il_crs_member_2880268)'. Below the heading are tabs: Zurück, Eigenschaften, **Rechtevorgaben**, Benutzerzuweisung, Empfohlene Inhalte, Export. A button 'Rechteinstellungen von anderer Rolle übernehmen' is visible. The 'Abstimmungen' section contains a list of permissions:

- Lesezugriff: Abstimmung lesen
- Kopieren: Abstimmung kopieren
- Einstellungen bearbeiten: Abstimmung bearbeiten
- Löschen: Abstimmung löschen
- Rechteinstellungen ändern: Rechteinstellungen ändern
- Bereits vorhandene Abstimmungen ändern**
- Alle auswählen

The 'Assistent' section is highlighted with a purple box and contains the following permissions:

- Assistent ist sichtbar
- Lesezugriff auf Assistenten
- Assistenten kopieren
- Assistenten bearbeiten
- Assistent löschen
- Zugriffsrecht bearbeiten
- Bereits vorhandene Assistenten ändern**

If you work with groups in your course, you will need to repeat this for the roles of the groups of students so that the wizard can see this as well. If you have any uncertainties or problems, please contact ILIAS Support ilias@studium.kit.edu with details of the course.
